This request is being made to fulfil the Workforce Innovation and Opportunity Act (WIOA) mandate to provide eligible youth with comprehensive activities and ongoing guidance intended to improve long-term employability and enhance educational, occupational, and leadership skills.

IVROP Project Connect is proposing to continue to offer services to 300 eligible youth between the ages of 14-24 residing in Imperial County. All proposed program services and activities are aligned with the 14 program elements as mandated in WIOA Section 129(c)(2). Subject: Request for contract renewal for the local WIOA IVROP Youth Program (Project Connect) Fiscal Year 2023 - 2024

Ms. Lopez,

Imperial Valley Regional Occupational Program (IVROP) respectfully requests a contract renewal of the Workforce Innovation and Opportunity Act (WIOA) program IVROP – Project Connect for the period of July 1, 2023 through June 30, 2024. If this contract renewal is approved, IVROP would continue to provide follow-up services to participants enrolled in the 2022 – 2023 local WIOA IVROP Youth Program (IVROP - Project Connect) and provide additional youth services to 300 youth between July 1, 2023 – June 30, 2024. This contract renewal request is in reference to the 2021-2022 Youth Program Request for Proposal that indicates permission of program reauthorization provided that approval is granted by the Imperial County Workforce Development Board (ICWDB) in accordance with WIOA regulations.

IVROP - Project Connect is proposing to serve 300 youth during the 2023-2024 fiscal year provided that Imperial County America's Job Center of California (AJCC) will perform certifications for interested participants and send their applications to Project Connect for program services. Concentration of our services will be centered on WIOA guidelines and Imperial County Workforce and Economic Development Office (ICWEDO) policy, serving the youth population of 75% (225) out-of-school youth (OSY) and 25% (75) in-school youth (ISY). For this contract renewal, we anticipate 90 participants will carry over from fiscal year 2022 – 2023, allowing 210 available slots for new participants. The challenges of working with both in and out-of-school youth continue to be very labor intensive due to participant's complex schedules, lack of basic professional and occupational skills, limited amount of positive role models, and in some situation's substance abuse problems as well as other barriers. To ensure our participants will receive the maximum level of high-quality client centered services, we are requesting an operational budget of \$992,010 and a participant budget of \$1,207,990 for the 2023 – 2024 fiscal year. In preparing our proposed budget, we have carefully reviewed essential program needs, determined the required staffing needed to achieve programmatic targets, and increased various incentives for participant activities. Attached you will find a revised budget totaling \$2,200,000 or \$7,333 per participant including one year follow-up services post program completion.

IVROP – Project Connect is proposing to continue to offer services aligned with the 14 WIOA Youth Elements to 300 WIOA eligible youth between the ages of 14-24 residing in Imperial County. The program will provide year-round services between July 1, 2023 – June 30, 2024. The services aligned

with the 14 WIOA Youth Elements include: tutoring services, comprehensive guidance and counseling, opportunities for vocational training (including Certified Nursing Assistant, Security Guard, Commercial Truck Driving, Medical Assistant, etc.), leadership development activities (including developmental assets workshops, thrive leadership activities, career exploration, etc.), educational workshops (including financial literacy, labor market information, entrepreneurship, etc.), community service opportunities, educational fieldtrips, employment preparation/work readiness training, paid work experience, and supportive services. Non-stipend activities will also continue to be offered to participants including job shadowing and record sealing services (if applicable). In the event that Imperial County experiences future Covid-19 surges that limit in-person activities, Project Connect staff is equipped with technology devices and connectivity to deliver virtual services to participants as needed. Due to program slots for in-school youth being limited to 25% of the total youth served in a program year, the reduced funding for in-school youth will be supplemented with IVROP dollars via staff, programs, career technical education, scholarships, etc.

For the 2023 – 2024 program year, IVROP-Project Connect is proposing to enhance some of the incentives for the activities mentioned above. Project Connect will increase work experience stipends for participants by 3% resulting in these stipends being equivalent to \$15.50 per hour. This stipend increase will be equal to the State of California Minimum Wage. Additionally, Project Connect will increase vocational training funding by 50% to a total of \$34,550.00. This increase will provide more youth with the opportunity to participate in vocational training that leads to state and national industry recognized credentials. As mentioned above, some of these trainings will include Security Guard (with or without firearm), Certified Medical Assistant (CMA), Commercial Class A Truck Driving with Hazmat Endorsement, Certified Nurse Assistant (CNA), and any other training that is listed on the Eligible Training Provider Listing (ETPL) and is approved by ICWEDO.

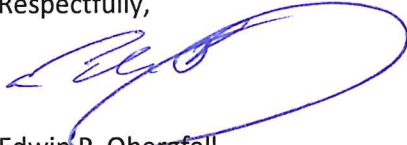

Recruitment of both in and out of school youth has remained a consistent challenge; therefore, to make certain our enrollment goals will be achieved for the 2023 – 2024 fiscal year, intensive recruitment will begin in May of 2023. Staff will continue recruitment efforts at various public and private sector locations on a regular basis as well as in residential vicinities. Project Connect will also continue to utilize a variety of outreach methods to attract youth into the program. These methods include: local television ads, billboards in highly noticeable areas, social media ads, newspaper ads, and public radio ads. Additionally, Project Connect will attempt to enroll all 300 youth by May of 2024 to ensure all eligible participants receive an opportunity to complete work experience before the end of the fiscal year (June 30, 2024).

IVROP-Project Connect staff will continue to be stationed in Brawley, Calexico, and El Centro to ensure our services are accessible to youth with transportation barriers as well as to youth living in county outlying areas such as Niland, Holtville, Seeley, etc. Additionally, for the 2023 – 2024 program year, IVROP – Project Connect will continue to offer in-kind services to 11<sup>th</sup> and 12<sup>th</sup> grade high school students (non-participants) throughout Imperial County through the facilitation of Financial Literacy workshops. Financial Literacy topics will include: money management, goal setting, banking services, decision making, and basic principles of credit. Project Connect staff will collaborate with IVROP – Career Technical Education (CTE) staff (who directly serve local High School students throughout Imperial County) to schedule and deliver Financial Literacy presentations for students at their school sites. Through this collaboration, Project Connect projects to facilitate Financial Literacy education to a minimum of 350 high school students throughout the 2023 – 2024 program year.

If approved, throughout the new contract period, IVROP staff will continue to collaborate diligently with the Imperial County Workforce and Economic Development Office to ensure that program performance is meeting and complying with the required WIOA performance standards, and that the program is operating successfully based on summative and formative data collection methods. If approved, IVROP also commits to continue incorporating a collaborative and leveraged partnership with the Imperial County Workforce and Economic Development Office with the intent of enhancing the current collaborative to an advanced level as stated above. Finally, the overarching goal of this contract renewal will be to continue to offer youth of Imperial County the assistance they require to access employment, education, training, and support which will improve their long-term labor market opportunities without any break in service. In advance, thank you for considering this request.

Respectfully,

Edwin P. Obergfell  
IVROP Superintendent

Action Agenda Item 5**

**MEETING DATE:** May 24, 2023

**ITEM:** 5

**SUBJECT:** Discussion/Action to approve agreement renewal for the PY2023-2024 WIOA Licensed Vocational Nurse Mentorship Program with Imperial Valley Regional Occupational Program (IVROP) at a cost not to exceed \$338,108

**RECOMMENDATION:**

ICWEDO Director recommends to approve agreement renewal of the PY2023-2024 WIOA Licensed Vocational Nurse Mentorship (LVN) Program with IVROP at a cost not to exceed \$338,108.

**BACKGROUND:**

On December 8, 2021, this board approved an agreement between the County of Imperial Workforce and Economic Development (ICWED) Office and the Imperial Valley Regional Occupational Program for the provision of Licensed Vocational Nurse Mentorship Services beginning January 1, 2022, through June 30, 2023 in the amount of \$376,000. The agreement was subsequently approved by the Imperial County Board of Supervisors on December 28, 2021.

With the program concluding June 30, 2023, IVROP has requested renewal of the WIOA LVN Program for the period of July 1, 2023 through December 31, 2024. Within the Request for Proposals that was approved for release at the September 22, 2021, ICWDB meeting, the ICWDB reserves the right to renew the agreement for up to two successive 18 month periods, subject to available funding, program outcomes and/or performances.

Approving the renewal of the agreement would allow IVROP to provide 16 to 21 new 3<sup>rd</sup> semester LVN students assistance in accessing employment, education, training, and support which will improve their long-term labor opportunities. Additional program, staffing, and budgeting information can be found in IVROP's request that is attached as background for this item.

Subject: Request for contract renewal for the local WIOA Licensed Vocational Nurse (LVN) Mentorship Program Fiscal Year 2023 - 2024

Dear Ms. Lopez,

Imperial Valley Regional Occupational Program (IVROP) respectfully requests the renewal of the Workforce Innovation and Opportunity Act (WIOA) IVROP – Licensed Vocational Nurse (LVN) Mentorship program contract for the period of July 1, 2023 through December 31, 2024. If this contract renewal is approved, IVROP would continue to provide follow-up services to participants enrolled in the 2022–2023 local WIOA IVROP LVN Mentorship program and will provide 16 to 21 new 3<sup>rd</sup> semester LVN students of Imperial County assistance in accessing employment, education, training, and support which will improve their long-term labor opportunities. This request is in response to the 2022-2023 LVN Mentorship Request for Proposal which indicates Imperial County reserves the right to extend the term of the LVN Mentorship contract for up to two (2) successive one (1) year periods, subject to available funding and performance as well as approval granted by the Imperial County Workforce Development Board following WIOA regulations.

During program year 2022 – 2023, 17 students successfully enrolled, completed, and obtained employment while participating in the IVROP-LVN Mentorship program. For program year 2023 – 2024, IVROP – LVN Mentorship is proposing to serve 16 - 21 new 3<sup>rd</sup> semester LVN students. If granted, this contract renewal would be in effect during the 2023 – 2024 and 2024 - 2025 fiscal years. In preparing our proposed budget, we have carefully incorporated all essential elements needed to operate a successful program including appropriate staffing needs to achieve program targets, required activity supplies for staff and participants, miscellaneous operational costs, and participant stipends for the completion of programmatic milestones (stipends increased up to 12% from the current program year). The total budget necessary to operate the LVN Mentorship program over a period of 18 months would be \$338,108 including follow-up services. Program staff will consist of one (1) part-time (.02 FTE) program coordinator, one (1) part-time (.25 FTE) program manager, one (1) part-time (.03 FTE) data manager, one (1) full-time (1.0 FTE) development specialist, one (1) part-time (.25 FTE) development specialist, and one (1) part-time (.25 FTE) program clerk. IVROP will continue to incorporate enhanced data management services into the LVN Mentorship program through the work of a part-time (.03 FTE) data manager. The data manager position captures and reports summative and formative data to the funder to provide continuous improvement to the project.

The IVROP - LVN Mentorship program is proposing to offer 16 to 21 WIOA eligible adults a total of 320 hours of program related services including: lectures on theory, skills, clinical mentoring, coaching, National Counseling Licensure Examination – Practical Nursing (NCLEX-PN) review and simulations; 120 hours of incentivized internship training at various hospitals and clinics; case management support (throughout participation); employability and life skills workshops; supportive services related to the nursing profession; follow-up services for up to 12 months, and job placement services for participants who complete their course of instruction (upon NCLEX-PN completion and via follow-up). The employability workshop will be provided to participants as part of their workforce preparation training. The employability workshop will consist of developing an employment portfolio, job search methods, interview skills, professionalism, job retention, and customer service. These employability skills will serve as imperative tools to participants as they begin to search for employment opportunities post-graduation and successful NCLEX-PN completion. Newly licensed LVN's require more job placement services than Registered Nurses (RN) due to employment vacancies being limited to specialized medical facilities. For this reason, additional job placement services including job leads, job coaching, and job interviews will be provided to LVN participants to ensure they are provided with tangible employment opportunities through the LVN Mentorship program.

IVROP will continue to offer optional in-kind services to participants that will include life skills workshops in financial literacy, family relationships, parenting, developmental assets, and life coaching services. Mock interview sessions will continue to be provided to participants by IVROP staff with questions exclusively tailored to the nursing profession. Mock interview workshops will serve as a beneficial training tool for LVN students to prepare for post-graduation employment opportunities. Finally, presentations by health care administrators and professionals from local hospitals and clinics will continue to be delivered to participants throughout the program discussing topics such as industry trends (including technology, equipment, and emerging treatment methods), professional development, management opportunities, and the outlook of advancement within the nursing field. These presentations will serve as an excellent opportunity for participants to network with top-level administrators from various organizations throughout Imperial County.

IVROP staff will continue to collaborate closely with Imperial County Workforce and Economic Development Office (ICWEDO) staff to ensure that project performance is meeting and complying with the required performance standards and that the program is operating successfully based on summative and formative data collection methods. Our collaborative efforts will result in improved access to employment, education, training, and support to Imperial County Licensed Vocational Nursing (LVN) students.

In advance, thank you for considering this request and for supporting the long-term labor market opportunities for the future healthcare workforce of Imperial County.

Respectfully,

Edwin P. Obergfell  
IVROP Superintendent

**Imperial County Workforce Development Board  
Action Agenda Item 6**

**MEETING DATE:** May 24, 2023

**ITEM:** 6

**SUBJECT:** Discussion/Action to approve and add Idea/Max Solutions, David Shinder, to the eligible slate of approved consultants

**RECOMMENDATION:**

ICWEDO Director recommends to approve and add Idea/Max Solutions, David Shinder, to the eligible slate of approved consultants

**BACKGROUND:**

In September 2021, this board approved to release and open an ongoing Request for Qualifications to solicit services from Professional Consultants and Trainers. The purpose of the open RFQ is to pre-qualify consultants to supply consulting or training services on an as-needed basis. In order to be determined pre-qualified and approved on a slate of eligible consultants or trainers, respondents must score an average of 70 out of 100.

On May 1, 2023, the Imperial County Workforce Development Board received a proposal from David K. Shinder of Idea/Max Solutions in response to the RFQ. In Mr. Shinder's proposal, he addressed the different services he has available in the areas of: Strategic Planning for Workforce Development, Strategic Planning for Sector Initiatives, and Resource Development Capacity Building and Technical Assistance.

ICWDB staff consulted with ICWDB Chair to create an RFQ Evaluation Committee to review and score said proposal. The committee, consisting of 3 members, met via Zoom on May 16, 2023, and after review, the proposal met an average passing grade of 85. The proposal was evaluated on five (5) criteria:

1. Qualifications and Experience;
2. Ability to provide needed services;
3. Demonstrated knowledge;
4. Cost Effectiveness; and
5. Other Factors deemed to be in the best interest of the ICWDB.

As a result of the proposal receiving a passing grade since the proposal demonstrated the consultant's qualifications, abilities, and experience to provide the solicited services at a cost effective rate of \$120 hour, it was recommended to add David Shinder to the ICWDB slate of eligible consultants/trainers.

**FISCAL IMPACT:**

None.

**MEETING DATE:** May 24, 2023

**ITEM:** 7

**SUBJECT:** Discussion/Action to approve Agreement with David K. Shinder for On Call, As needed Professional Workforce Development Services with David K. Shinder in an amount not to exceed \$50,000 for PY2023-2024.

**RECOMMENDATION**

ICWEDO Director recommends to approve an Agreement with David K. Shinder for On Call, As Needed Professional Workforce Development Services with David K. Shinder in an amount not to exceed \$50,000 for PY2023-2024.

**BACKGROUND:**

Item is contingent upon action regarding item #6.

With planned and anticipated efforts surrounding the development of Lithium Valley, specialized professional workforce development services are needed to assist the Imperial County Workforce Development Board in this work. In August 2022, the Imperial County Workforce and Economic Development Office requested Employment Development Department Additional Assistance funding in the amount of \$750,000 to commission a Lithium Valley Workforce and Economic Needs Assessment. The goal of these studies is to research and conduct an analysis that will result in managing economic change in the County of Imperial. To begin conducting this workforce and economic assessment, planning and organizing efforts are needed from local stakeholders. The recommended action is to approve an agreement with David Shinder for Consulting Services in order to aid ICWDB efforts in conducting an analysis that will result in managing economic and workforce development change as a result of the impact the Lithium Industry will have in the County of Imperial. Below is a scope of work:

- Advise on choosing a steering committee for the Lithium Valley Needs Assessment;
- Facilitate up to three stakeholder/community forum sessions connected with local industry, education institutions; training providers, labor groups, local government agencies, and community based organizations to identify workforce development strategies within the Lithium Industry;
- Work with stakeholders to design and develop local and regional training programs (e.g. career and technical education, apprenticeships);
- Conduct business engagement activities, specifically in the Lithium Industry;
- Write a report that provides a clear action plan for community stakeholders that will utilize existing partnerships and build cross-sector relationships to strengthen community infrastructure and engagement to help identify needs and address them with efficiency and inclusion;

- Based on findings of report, develop a Request for Proposals to procure services to conduct a study/assessment into how the development of the Lithium Industry will affect the County of Imperial in terms of economic development and the local workforce (Lithium Valley Needs Assessment);
- Work with management staff to develop the WIOA Four Year Workforce Development Plan including goals, objectives and strategies for WIOA implementation in the key areas of WDB Administration, One-Stop Delivery System, Youth Services; Business Services, Sector Strategies, Career Pathways, Rapid Response, and write up-dates/modifications to the plan as deemed necessary; and
- Other services included within proposal submitted in response to the Request for Qualifications as requested by the Imperial County Workforce and Economic Development (ICWEDO) Director.

**FISCAL IMPACT:**

Anticipated services related to Lithium Valley Workforce and Economic Development efforts will be covered through EDD Additional Assistance Funds in an amount not to exceed \$50,000. There should be minimal impact to the PY23-24 Regular WIOA Budget.

**MEETING DATE:** May 24, 2023  
**ITEM:** 8  
**SUBJECT:** Discussion/Action to approve revisions to the Individual Training Account Policy  
**FROM:** Priscilla Lopez, ICWED Director

**RECOMMENDATION:**

ICWED Director recommends to approve the revisions to the Individual Training Account Policy

**BACKGROUND:**

Training services are provided through Individual Training Accounts (ITAs) that allow adults and dislocated workers to receive training. Training services are intended to be provided in a manner that maximizes informed customer choice and may only be purchased through training providers registered and WIOA eligible on the State's ETPL through CalJOBS, located online at: [www.caljobs.ca.gov](http://www.caljobs.ca.gov).

Imperial County offers several training options through ITA's. At the One-Stop Policy Oversight Committee Meeting that occurred on May 10, 2023, a training provider requested that the Board review the ITA Policy regarding reimbursement of training funds. It is being requested that the ITA's receive trainings reimbursements at the completion of a training instead of at the point of placement.

ICWDB Staff conducted research regarding the request. After reviewing WIOA and consulting with other counties, ICWDB Staff agree with the request and It is recommended that the Board approve the changes to the ITA policy.

**SUBJECT:** Discussion/Action to approve the revisions to the Adult and Dislocated Worker - Work Experience and Internship Policy

**FROM:** Priscilla Lopez, ICWED Director

**RECOMMENDATION:**

ICWED Director recommends to approve the revisions to the Adult and Dislocated Worker - Work Experience and Internship Policy

**BACKGROUND:**

It is recommended to approve revisions made to the Adult and Dislocated Worker - Work Experience and Internship Policy. Work experience is a planned, structured and time-limited learning experience that take place in a workplace. Work experience is not considered a training services but is an individualized career services. A work experience program is based on the identified needs of the WIOA participant that will contribute to the achievement of the participant's career and employment goals, as well as should be directly related to a local in-demand industry.

The work experience program has been very successful within Imperial County; however, some aspects of the policy have been updated in order to better serve the Local Area. Changes include reducing the total amount of allowable hours to 500 hours for both full-time and part-time participants. In determining the appropriate hours, consideration should be given to the skill requirements of the occupation, the academic and occupational skill level of the participant, prior work experience and the participant's IEP.

|-------------------------------------------------------------------------|-----------------------|-------------------|
| WIOA Adult and Dislocated Worker- Work Experience and Internship Policy | FISCAL YEAR 2020-2021 | December 14, 2022 |

**POLICY OVERVIEW:**

The purpose of this policy is to provide guidance and criteria to be used by the Imperial County Workforce Development Board (ICWDB), the Imperial County Workforce and Economic Development Office (ICWED), America’s Job Center of California (AJCC) staff, and Workforce Innovation and Opportunity Act (WIOA) Title I funded service providers, in the provision of work experience activities for eligible WIOA Adult and Dislocated Workers served with WIOA Title I funds.

- DOL TEGL 19-16, Guidance on Services provided through the Adult and Dislocated Worker Programs under the Workforce Innovation and Opportunity Act (WIOA) and the Wagner-Peyser Act Employment Service (ES), as amended by Title III of WIOA, and for Implementation of the WIOA Final Rules
- WIOA Section 134(c)(2)(A)(xii)(VII)
- 20 CFR 680.180
- 20 CFR 683.200(g)

**BACKGROUND:**

WIOA acknowledges the critical role work experiences and internships play in helping individuals obtain the skills they need to succeed in the workplace. Work experience is applicable to all WIOA core programs because it is an invaluable tool to engage businesses and to support job seekers in overcoming barriers to employment. Work experiences are designed to help individuals to establish work history, gain experience, demonstrate success in the workplace, and develop the skills that lead to unsubsidized employment.

**POLICY:**

WIOA section 134(c)(2)(A)(xii)(VII) defines an internship or work experience is a planned, structured, time-limited learning experience that takes place in a workplace. WIOA does not discern between “work experience” or “internship.” The definition of both is the same in WIOA for adults and dislocated workers. Work experiences are **not** training services. Work experience for WIOA Adult and Dislocated Workers is an individualized career service within Career Services. A work experience must be based on the identified needs of the WIOA participant, must provide a planned and structured learning experience that will contribute to the achievement of the participant’s career and employment goals, and should be directly related to local in-demand industry sectors. **Note: A participants career and employment goals can be to have continuous employment and/or a livable wage.** Work experience may be arranged within the private for profit sector, the non-profit sector, or the public sector. Job activities must be consistent with the Fair Labor Standards Act and other applicable laws. Work Experience is not designed to replace an existing employee or position. Work experience wages are paid directly to the work experience participant and not the employer. Employers are not monetarily

compensated. Labor standards apply in any work experience where an employee/employer relationship exists, as defined by the Fair Labor Standards Act.

### **Participant Eligibility**

All work experience participants must meet WIOA program eligibility requirements, be enrolled into the respective WIOA program, and have received an assessment resulting in the development of an Individual Employment Plan (IEP) that documents the participant's need for and benefit from work experience. A Work Experience is not intended for long-term skill building within the occupation, but rather as an entry step for the participant to explore the occupation, develop their skills, gain work history and references.

Per WIOA, if America Job Center of California (AJCC) staff determine that individualized career services, which include internship and work experience that are linked to careers, are appropriate for an individual to obtain or retain employment, these services **must** be made available to the individual. AJCC staff must document the participant's need for an internship/work experience and may use recent or previous assessments by partner programs to help determine if individualized career services would be appropriate. WIOA provides a focus on serving individuals with barriers to employment and seeks to ensure access to these populations.

Individuals that may be determined to have a need may include, but are not limited to, the following categories:

- Have little or no prior experience in the workplace;
- Have experienced difficulty in maintaining employment in the past due to barriers that can best be addressed and overcome through work experience enrollment;
- Is seeking long-term employment in a particular industry or occupation but does not have the requisite experience to qualify for entry-level employment in the field;
- A career seeker who has recently concluded or will soon conclude a training or educational program, including and Individual Training Account (ITA) or job specific skills training, in a particular industry but possesses a strong need for practical work experience to qualify for entry-level employment in the training or education related field (This can include an individual who possess a higher level of education but has difficulty obtaining employment due to lack of experience).

Individuals who have received funding through an ITA, or other WIOA funded training, are also eligible for work experience. Funding for training and work experiences are separate.

### **Compensation and Duration**

Work experience occurs over a limited time period, which is not to exceed one (1) year. If a participant requires an extension in their work experience, it must be approved by the Program and Compliance Manager. A work experience can be part-time (20-30 hours per week) or full-time (32-40 hours per week) and is not to exceed 500 hours. In determining the appropriate time for each work experience, consideration should be given to the skill requirements of the occupation, the academic and occupational skill level of the participant, prior work experience, and the participant's IEP.

Participants enrolled in a paid work experience shall be compensated an hourly wage not less or more than the State or local minimum wage, whichever is higher. All wage information must be reported to ICWED. Working hours should follow all state and local laws. A participants cannot opt-out of a break, as it is a violation of State labor laws. Participants shall be paid only for the hours worked during the

work experience. Hours worked and breaks **must** be recorded on the participant's time sheet. Work experience participants cannot be paid for lunch breaks, sick leave, vacation time, or a holiday recognized by the work site as a "paid holiday". Work experience participants are not authorized to work overtime.

### **Employer Eligibility**

An employer can qualify for up to two (2) work experience participants, per work site, within a calendar year. ICWED will determine an employer's eligibility for participating in the work experience program. An internship or work experience may be within the private for-profit sector, the non-profit sector, or the public sector. The employment must be entry-level and within an identified in-demand industry sector, as defined by the local area.

Because internships and work experiences must be planned, structured learning experiences, the entity hosting the work/intern experience must designate an appropriate manager(s) to provide supervision and feedback to the WIOA participant at regular intervals during the course of the program. Per WIOA regulations (20 CFR 683.200(g)), "no individual may be placed in an employment activity if a member of that person's immediate family is directly supervised by or directly supervises that individual." For the purpose of this policy, the term "immediate family" includes a spouse, child, son-in-law, daughter in-law, parent, mother-in-law, father-in-law, sibling, brother-in-law, sister-in-law, aunt, uncle, niece, nephew, stepparent, stepchild, grandparent, and grandchild. The work experience participant must be supervised by one of their assigned supervisors at all times during their working hours and **CANNOT** be left at the worksite by themselves. A manager cannot supervisor more than two (2) work experience participants at any given time.

The employer is under no obligation to offer regular employment to the participant subsequent to the conclusion of the work experience/internship program, although the work experience/internship is intended to provide employers with a pool of technically trained employees from which to fulfill future positions and reduce recruitment costs.

Labor standards apply in any work experience setting where an employee/employer relationship, as defined by the Fair Labor Standards Act, exists. A business will **not** qualify for work experience if they participated in any past or current violations of local, state or federal law; unfair labor practices; and/or other unallowable conditions identified during the course of conducting the initial employer assessments and reviewing contract requirements, assurances, and certifications with the local WDB director or staff.

Participating employers must agree to cooperate with monitoring requirements as required by WIOA and comply with all applicable Federal, State, and local laws and regulations, including those dealing with employment, discrimination, and safety.

### **Worker Displacement Prohibition**

Work experience and/or internships will **not** be made available to directly or indirectly aid in the filling of a job opening which is vacant because the former occupant is on strike, or is being locked out in the course of a labor dispute, or the filling of which is otherwise an issue in a labor dispute involving a work stoppage.

WIOA prohibits the layoff of employees in order to replace them with WIOA participants and is against using WIOA participants to replace employees who have been terminated, with the intent of so

replacing them. WIOA further prohibits infringement on the promotional opportunities of currently employed workers.

### **Employer Application Procedures**

The following documents need to be submitted in order to be considered for work experience:

All modifications must be in writing and signed by all parties prior to the effective date of the modification. Verbal modifications of work experience agreements are not valid.

Under emergency situations, a digital signature is considered a valid signature. **Imperial County Workforce Development Board  
Action Agenda Item 10**

**MEETING DATE:** May 24, 2023  
**ITEM:** 10  
**SUBJECT:** Discussion/Action to approve revisions to the Transitional Jobs Policy  
**FROM:** Priscilla Lopez, ICWED Director

**RECOMMENDATION:**

ICWED Director recommends to approve the revisions to the Transitional Jobs Policy

**BACKGROUND:**

It is recommended to approve the revisions made to the Transitional Jobs Policy. A transitional job is defined as a job that provides a time-limited work experience that is wage paid and subsidized for individuals with barriers to employment who are chronically unemployed or have inconsistent work history. These jobs are designed to enable an individual to establish a work history, demonstrate work success in an employee-employer relationship, and develop the skills that lead to unsubsidized employment.

This policy has been updated in order to clarify what defines a transitional job, what are the requirements in order to qualify and the allowable hours per participant for full and part time. In determining the appropriate hours, consideration should be given to the skill requirements of the occupation, the academic and occupational skill level of the participant, prior work experience and the participant's IEP.

**FISCAL IMPACT:**

**POLICY OVERVIEW:**

The purpose of this policy is to provide guidance and criteria to be used by the Imperial County Workforce Development Board (ICWDB), the Imperial County Workforce and Economic Development Office (ICWED), America’s Job Center of California (AJCC) staff, and Workforce Innovation and Opportunity Act (WIOA) Title I funded service providers, in the provision of transitional job activities for eligible WIOA Adult and Dislocated Workers served with WIOA Title I funds.

- WIOA Section 134(d)(5)

**BACKGROUND:**

A transitional job is defined as a job that provides a time-limited work experience that is wage paid and subsidized, and is in the public, private, or non-profit sectors for those individuals with barriers to employment who are chronically unemployed or have inconsistent work history. Local areas may use up to 10% of its combined total adult and dislocated worker allotments for Transitional Jobs.

These jobs are designed to enable an individual to establish a work history, demonstrate work success in an employee-employer relationship, and develop the skills that lead to unsubsidized employment. Transitional job activities must be combined with comprehensive career and supportive services provided prior to, or concurrently with, the transitional job activity.

Transitional jobs should be designed to provide a participant with time-limited work experiences to help him/her establish a work history, achieve success in the workplace, and develop the skills needed to obtain and retain unsubsidized employment.

**PARTICIPANT ELIGIBILITY REQUIREMENTS**

In addition to meeting general eligibility requirements for the WIOA program and being unemployed at the date of application to the WIOA program, the participant must also have: (1) one or more barriers to employment; and (2) be chronically unemployed or have an inconsistent work history. These eligibility requirements must be documented in the participant file.

1. Barriers to Employment - For the purpose of participant eligibility for transitional job activities, barriers to employment include one or more of the following:

:

- Displaced homemakers;
- Low-income individuals;

- Indians, Alaska Natives, and Native Hawaiians;
  - Individuals with disabilities;
  - Older individuals (age 55 or older);
  - Ex-offenders;
  - Homeless individuals;
  - Youth who are in, adopted, or have aged out of the foster care system;
  - English language learners;
  - Individuals who have low levels of literacy;
  - Individuals facing substantial cultural barriers;
  - Eligible migrant and seasonal farmworkers;
  - Individuals within two years of exhausting lifetime TANF eligibility;
  - Single parents (including single pregnant women);
  - Long-term unemployed individuals (unemployed for 27 or more consecutive weeks);
  - and
2. Chronically Unemployed or Inconsistent Work History – For the purpose of participant eligibility for transitional job activities, individuals are considered to be chronically unemployed or to have an inconsistent work history when they meet one or more of the following criteria:
- Has never held a full-time job (30+ hours per week) for more than 13 consecutive weeks
  - Has been fired from a job within the 12 months prior to application
  - Has held three or more jobs in the 52 weeks prior to application
  - Is on parole or probation, or has been released from prison/jail within the 12 months prior to application
  - Has been unemployed for the 13 consecutive weeks prior to application
  - Has been unemployed for 15 or more of the 26 weeks prior to application

In addition to including documentation of an individual's eligibility under items 1 and 2 above, eligibility documentation will be attained to indicate the individual is eligible to participate in a transitional job activity during participation in the WIOA program.

Typically, one would not assume that a dislocated worker would be eligible for transitional job activities with respect to being chronically unemployed or have an inconsistent work history. Displaced homemakers and spouses of members of the Armed Force on active duty may, however, have a need for this service. While other categories of dislocated workers may meet the eligibility requirements and receive such services, it is anticipated that most individuals who participate in transitional job activities will be enrolled in the WIOA Adult program. AJCC staff should take extra care during the assessment and IEP development process to ensure that the rationale for participating in transitional job activities as a participant of the WIOA Dislocated Worker program is clearly outlined in the IEP and case notes.

### **EMPLOYER REQUIREMENTS**

Employers willing to work with participants in transitional job activities may be from the private for-profit sector, the private non-profit sector, or the public sector. As transitional jobs are structured to help participants achieve success in the workplace and develop the skills needed to obtain and retain unsubsidized employment, the employer must be able to provide supervision and appropriate feedback to the participant at regular intervals during the course of the activity.

Transitional jobs shall be developed, to the extent practicable, with an employer in an industry that is of interest to the participant. It is anticipated that most transitional jobs will be entry level positions, and the participant shall be paid minimum.

Employers must also be willing to participate in the required on-site monitoring visits conducted by ICWED and AJCC staff to evaluate the participant's performance.

There is no expectation that the employer will retain the participant at the completion of the transitional job. However, if the employer is interested in hiring the participant after the transitional job activity has been completed, and additional training is needed, an OJT may be developed that follows the requirements of ICWDB's OJT Policy.

### **PROVISION OF TRANSITIONAL JOB SERVICES**

Participants who are unemployed at the point of application, have a qualifying barrier to employment, and who are chronically unemployed or have an inconsistent work history may participate in transitional job activities.

All eligible participants must first undergo an appropriate assessment and develop an Individual Employment Plan (IEP) that includes the rationale for a transitional job, with the assistance of AJCC staff.

The transitional job must be accompanied by comprehensive career and supportive services delivered prior to, or concurrently with, the transitional job. Supportive service needs shall be determined during the assessment process, and the identified supportive service needs and how they will be delivered shall be outlined in the IEP.

The appropriate mix of career services shall also be outlined in the IEP and must include, at a minimum, at least one of the following individualized career services:

- Career Planning
- Group and/or Individual Counseling
- Short-term Prevocational Services (including soft skills training)
- Workforce Preparation Activities
- Financial Literacy Services
- Out-of-Area Job Search Assistance and Relocation Assistance
- English language acquisition and integrated education and training programs

Individualized career services may also be delivered upon completion of the transitional job activity, as long as one or more of the above are delivered prior to or during the transitional job.

### **COMPENSATION**

Participants enrolled in a Transitional Jobs shall be compensated an hourly wage not less than the State or local minimum wage, whichever is higher. All wage information must be reported to ICWED. Participants shall be paid only for the hours worked as documented on the participant's time sheet. Participants cannot be paid for lunch breaks, sick leave, vacation time, or a holiday recognized by the work site as a "paid holiday". Participants are not authorized to work overtime. Working hours should follow all state and local laws. A participants cannot opt-out of a break, as it is a violation of State labor laws.

## **DURATION**

Transitional Jobs occurs over a limited time period, which is not to exceed one (1) year. Eligible participants can participate in up to 500 hours of transitional job activities at either full-time (30 and 40 hours per week) part-time (less than 30 hours per week). Employers must offer participants a 20 hour work week minimum. The participant may be placed with more than one employer during the transitional job activity, but the total number of hours for all worksites may not exceed 500 hours,

An 8-week extension may be granted if the participant is an individual with a disability who requires more time to establish a sufficient work history and to develop employable skills, but the extension will not increase the maximum number of hours of transitional job activities. All extensions must be approved by the ICWED Program and Compliance Manager.

## **WORKSITE AGREEMENT**

ICWED requires a written, signed agreement between qualified employers, the participant and the Workforce Development Board prior to the start of work. These worksite agreements will be similar to those used for internships and other work-based learning activities where the participant is being paid and the employer providing the supervision for the participant is not the employer of record. The length of the agreement will vary per participant (full-time participants or part-time participants). Extensions must be approved by the ICWED Program and Compliance Manager. The length of an agreement cannot exceed one year.

## **MONITORING:**

ICWED is responsible for ensuring oversight of the WIOA Title I funded programs. Monitoring shall take place by means of on-site visits to America's Job Center of California and qualified employers. Site visits shall be performed at least once each calendar month during the transitional job period. All monitoring results must be documented in the participant's file. This on-site monitoring shall include not only an evaluation of soft skills, but an evaluation of occupational skills listed in the job description/training plan that is incorporated into the Worksite Agreement.

## **TRACKING AND REPORTING:**

All participants must be eligible and enrolled in WIOA (either the local adult or dislocated worker program or a discretionary grant), and any data about them that is required to be reported must be entered into the CALJOBS. Transitional Jobs participants may also be co-enrolled in other state-funded WIOA programs.

[Activity Code 321- Transitional Job](#) is to be used for all individuals receiving transitional job services.

## **ACTION:**

Please bring this policy to the attention of ICWDB, AJCC system staff and appropriate WIOA funded service providers and sub-recipients. This policy is effective immediately. All submitted forms are live documents and subject to change according to local, State, and Federal needs. Once the forms and exhibits pertaining to this policy are approved by the ICWDB, they will not require board approval if other changes occur, unless the change affects protocols.
